CANNERY IS READY FOR SEASON'S RUN

The cannery presents a quiet appearance now to what it will within a few weeks. During the week a small crew of men have been overhauling stock and getting the goods on hand stored out of the way of the coming season's product. There is considerable stock left over but it will all be gone before the varieties are again ready for canning. It is expected the canning season will commence about June 5, though last year it did not begin until June 8. The first product will be strawberries and from the present outlook for the crop it will take every person the big plant can find room for to handle this crop, as it requires more labor than almost any other. Once the machinery starts it will probably not stop until the wind-up comes on apples late in the fall.

Chamberlain's Liniment.

This is a new preparation and a good one. It is especially valuable as a cure for chronic and muscular rheumatism, and for the relief from pain which it affords in acute inflammatory rheumatism. Those who have used it have invariably spoken of it in the highest terms of praise. Lame back, lame shoulder and stiff neck are due to rheumatism of the muscles, usually brought on by exposure to cold or damp, and are quickly cured by applying this liniment freely and massaging the affected parts. Soreness of the muscles, whether induced by violent exercise or injury, is allayed by this liniment. For sale by all good druggists.

The block on Liberty street between State and Court had its finishing touches put on this morning, and only requires the brick between the car rails, to be another complete paved block.
